

LIGHTED DISPLAY

COLLECTIBLE DISPLAY CASE

A warm, gallery-style showcase for figures, models, memorabilia
and keepsakes.

BUILT-IN LED LIGHT

TOOL-FREE SETUP

WOOD-GRAIN BASE / CLEAR PANELS / SOFT, EVEN LIGHT

DESIGNED TO MAKE

YOUR COLLECTION SHINE

A clean display solution with integrated lighting and straightforward assembly.

01 Integrated LED lighting

Bright, even illumination with a soft, non-glare effect.

02 30 mm thick wood-grain base

Stable, durable platform with a refined furniture-style finish.

03 Easy snap-fit assembly

Mortise-and-tenon style connectors; no nails or glue required.

04 Stack-ready design

Expansion points support same-size stacked displays.

HOW TO ORDER

1 Choose the height

Available heights (cm)

15

45

50

60

70

80

2 Choose length × width

Use the interactive selector on the next page to choose the footprint and view the price.

LINKABLE LIGHTING SYSTEM

Dual DC ports per display layer

Optional coiled link cable joins matching cases

USB power cable with inline on/off switch

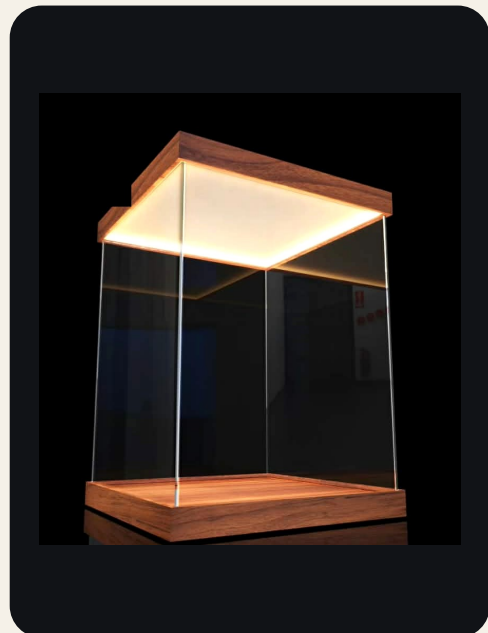

Neater cabling and convenient lighting control for stacked displays.

INTERACTIVE PRICE SELECTOR

Choose your dimensions

Select the height and base size. The Philippine peso price updates automatically when either option changes.

YOUR DISPLAY

Height is measured vertically. Length x width is the base footprint.

1. HEIGHT

2. BASE SIZE (LENGTH X WIDTH)

3. PRICE (PHILIPPINE PESOS)

NAME / ORDER REFERENCE (OPTIONAL)

HOW TO USE

1 Choose a height.

2 Choose the length x width.

3 The price updates above.

Prices are displayed as whole Philippine peso amounts and rounded upward to the next P100.
